

Edy Coleman Service Scholarship

The Dublin Partners in Education proudly offers two scholarships to Dublin Unified School District Seniors, in memory of Edy Coleman, a long time DPIE Board Member and past Board President. Edy was an inspiration to all who knew her and through her dedication to DPIE was able to help thousands of students over many years. She was passionate about education and dedicated over 65 years to helping others. She spoke from the heart and could never say “no” to the educational or spiritual needs of children. Edy will be remembered as a heartfelt friend, a beautiful woman inside and out, and for her selfless dedication to serving the community at large. She understood that not all lessons are taught in the classroom and when you pursue a life of service, you often receive more than you give. The Dublin High School recipient of the Edy Coleman Service Scholarship is:

Megan Fannin
